5. Fri 24th July - School Assembly @ 9am

Principals Report

Welcome back to Paradise! I hope the school holiday break was enjoyable for your family and you’ve somehow coped with the prolonged cold snap. My temporary engagement as Principal School Leadership has concluded and I very much look forward to continuing as Broken Hill North Public School Principal. It really does feel good to be back! Our priority, as always, is to provide quality teaching and learning experiences for all our students who are switched on and ready to engage in all the opportunities available to them.

As you will see on the Term 3 Planner there is a lot to get through this term and it is vital that your child/ren are at school, on time every day. If you have any questions regarding the events for the term please feel free to give us a call.

Learning For All at North is our motto and this will be very evident in Week 3 when we combine Education Week activities with our acknowledgment of NAIDOC Week. It will be an opportunity for our school community to be in the school and part of the celebrations. The flyer provides an overview of what’s on in this week. Please take some time to be part of it.

Friday will see the track events for our school’s athletics carnival take place at the Picton Oval. I certainly hope the weather is a bit warmer than it was on the weekend! The day will see all our students involved in some way, shape or form and I encourage everyone to come along and support their child.

Our School Development Day on Monday focussed a lot on pursuing the processes in our school plan. The morning session was devoted to Phase 1 Module 2 of the HOW2Learn project with staff working through a range of activities and ideas regarding the research behind quality teaching and learning. The middle session involved organisational matters for this term and beyond, including timetables for support programs, 125 years celebration, duty rosters, mentoring initiative and sport. To finish off the day the staff worked through mandatory training requirements re Code of Conduct and e-emergency care training.
